TRAINING TO BE THE 'BEST'

TRAINING is the act of increasing the knowledge and skills of an employee for doing a particular job. The major outcome of training is learning. The need for training is to achieve the following purposes,

- *Newly recruited employees require training to perform their tasks effectively.*
- *Trainig for promotion(to higher level jobs).*
- *Train the employees to adopt the new technological change.*
- *To make the employees mobile and versatile.*
- *To fill up the gap between what the employee has and what the job demands.*

The Following are the Training programmes conducted for people development ,

ON 22nd and 23rd FEB

➔ *"ENHANCING EFFECTIVENESS OF EXECUTIVE SECRETARY" was conducted in Bangalore for 3 employees. Mr.T.Siraj was the mentor and the program gave the employees an opportunity to open up and improve on their confidence level.*

ON 22nd MARCH '08 ➔ *"PROGRAM ON EFFECTIVE COMMUNICATION" was conducted in bangalore for 4 employees. Ms.Anitha was the mentor who gave many tips for effective communication.*

JUNE '08 to JULY '08

➔ *"BORN TO WIN""was conducted for 6 weeks in Bangalore for 2 employees. Mr. Subramanian was the metor and the program was motivative and helped the employees to increase their productivity.*

Events At Pondicherry Works...

Visit by BSNL

Mr. VED PRAKASH GUPTA

PRINCIPAL CHIEF Engg. (Electrical - South)

Bharat Sanchar Nigam Ltd. formed in October 2000, it is World's 7th largest Telecommunications Company providing comprehensive range of telecom services in India: Wireline, CDMA mobile, GSM Mobile, Internet, Broadband, Carrier service, MPLS-VPN, , IN Services etc. Within a span of 5 years it has become one of the largest public sector unit in India.

Mr. VED PRAKASH being recieved by Mr. K.S. Jain (Managing Director -JDEL) at pondicherry works. He was impressed by the dedication of the workers and manufacturing facilities at Pondicherry Works.

**JEEVAN DIESELS &
ELECTRICALS LTD.**

AT TRICHY

"BORN TO WIN"

On the inauguration day of the
new branch at trichy

New branch opened up at Trichy on 14th July, 2008 at the following address,

**B- 28, JENNE PLAZA
NO. 5, BHARATHIYAR SALAI,
TRICHY - 1**

To sustain the pressure of the increasing market for DG sets and to reach more customer easily and quickly, JDEL tries to spread itself in main cities.

Initially in Tamil Nadu, two marketing offices were in operation - Chennai and Coimbatore. Both are well developed industrialized cities. Now opening up a new marketing office in Trichy is to expand the market in southern part of Tamil nadu (i.e) to reach the customers in towns and rural areas.

HUMAN RESOURCE MANAGEMENT

*Visit of Mr. VIJAY KUMAR,
HR Head
to Pondichery Works*

The goal of human resource management is to help an organization to meet strategic goals by attracting, and retaining high quality employees and also to manage them effectively. The key word here perhaps is "fit", i.e. a HRM approach seeks to ensure a fit between the management of an organization's employees, and the overall strategic direction of the company.

Meetings are an important vehicle for personal contact

Frequent visits to the different branches enable the HR Head, Mr. Vijay Kumar to maintain and develop the biggest assets of JDEL (i.e) the HUMAN RESOURCES

JEEVAN DIESELS &
ELECTRICALS LTD.

VISIT TO SILVASSA

Mr. B.P Sinha - GM(O) & Mr. VijayKumar(HR HEAD) visited Works Silvassa on 21st June 2008. They addressed the Joint meeting with all employees.

*They have expressed their happiness over the house keeping, cleanliness of the plant, team work & the product developments. All of them addressed the employees with their morale boosting words, & expressed their faith that everybody will contribute more towards company development. All the employees have in turn have assured them the same. It was a **morale boosting** visit for Works Silvassa .*

POWER DISRUPTION

Downtime impact

60 percent of firms face power disruption more than once a month

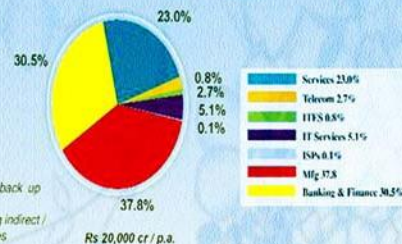

The cost of downtime for India Inc. is a staggering Rs 20,000 crore in direct losses due to poor power quality and downtime. This accounts for roughly 2 percent of the gross output of the industrial and service sectors.

While the problem of power outages cannot be solved overnight, it is important for organisations to take the next best step invest in solutions that can help in recovering from power disruptions.

85 percent of respondents have indicated that they were looking at investing in high quality uptime solutions.

Annual impact*: 2 percent of gross output

*Report jointly commissioned by MAIT and Emerson Network Power (India)

In Bangalore, for instance, which has always been admired by other states, only 2 percent of companies say that they have never encountered power disruptions. Obviously, if Bangalore needs to continuously attract new investment, it needs a higher figure than the measly 2 percent. This number is significant if compared to other cities: 4.1 percent of firms in Chennai, 4 percent in Delhi, 21.5 percent in Hyderabad and 18.4 percent in Mumbai say they have never experienced power disruptions.

Market Expansion.....

JEEVAN DIESELS &
ELECTRICALS LTD.

SUCCESS STORY

Indra Krishnamurthy Nooyi (born October 28, 1955 in Chennai, Tamil Nadu, India) is the chairwoman and chief executive officer of PepsiCo, the world's fourth-largest food and beverage company.

The Iron woman of PepsiCo

"She is tough and smart, but she is also quite charismatic, and a born leader. And she is trying to do something really hard but really important - turn Pepsi into a company less dependent on its core soda business, and transition it to a company that makes food and drinks that are healthier," said the author of "Good Guys and Bad Buys", a collection of Nocera's writings about the heroes and villains of the US corporate world.

She received a Bachelor's degree in Chemistry from Madras Christian College in 1974, and immediately entered the PGDBA (Post-Graduate Diploma in Business Administration) program at the Indian Institute of Management, Calcutta. After graduating from IIM-C in 1976, she worked in India for several years (including a stretch at Madura Coats). She was admitted to Yale School of Management in 1978 for a master's degree in Management. Following her master's degree from Yale in 1980, Nooyi started at The Boston Consulting Group (BCG), from where she moved on to strategy positions at Motorola and ABB.

She joined PepsiCo in 1994, was named president and CFO in 2001. On August 14, 2006, she was named the CEO of PepsiCo, becoming the fifth CEO in PepsiCo's 42-year history.

While at PepsiCo, Indra Nooyi has played a vital role in starting Tricon, which is currently known as Yum! Brands Inc. Nooyi recommended spinning off Taco Bell, KFC and Pizza Hut, arguing PepsiCo couldn't bring enough value to the fast food industry. Nooyi also took the lead in the acquisition of Tropicana in 1998, and merger with Quaker Oats Co. According to BusinessWeek, since she became CFO in 2000, the company's annual revenues have risen 72%, while net profit more than doubled, to \$5.6 billion in 2006.

Unbelievable Facts

Cocktail, anyone?

A sourtoe cocktail

*What's the ingredient?
Oh, It's simple.
Prepare a beverage,
be it alcoholic or just*

*plain soda drink. And then drop an amputated
pickled toe inside! And not forgetting there's a
rule to it, your lips have to touch the toe at
least once.*

SOME MORE FACTS:

- ✱ Every time you sneeze your heart stops a second.
- ✱ The average human will eat 8 spiders while asleep in their lifetime.
- ✱ Cockroaches can live 9 days without their heads before they starve to death.
- ✱ It takes about 63,000 trees to make the newsprint for the average Sunday edition of The New York Times.
- ✱ If every person in China stood on a chair and jumped off at the same time...it would knock the earth off its axis!

Jeans dye cures cancer

The common dye found in blue jeans and also ballpoint pens is called phthalocyanine and is a light activated agent with cell destroying properties.

Using nanotechnology, researcher found a way to inject phthalocyanine into the cancer cells. It'll bind and on activation, causes substantial cell death.
